

Keeping Senior Citizens active and involved throughout Anderson County.

We are currently offering a wide variety of recreational and fellowship programs to enrich the lives of Anderson County's aging adults. These programs are available to all Anderson County residents 55 and older regardless of race, gender or religion. The schedule of events may change from season to season, so please contact us for

times and locations of any activities that interest you.

Senior Citizens have a great deal to give to our community. Continue to have an impact on the lives around you by becoming a volunteer for a local non-profit agency. We can help you find the place that is right for you.

ANDERSON COUNTY
Senior Citizens Program
