

Do You Worry About a Loved One DRIVING?

As we age, our driving abilities can deteriorate for various reasons, causing us to worry about a loved one's ability to drive safely. At AnMed Health Rehabilitation Hospital, our specially trained driving assessment team can help you determine your loved one's potential to safely operate a motor vehicle.

To learn more, **call AnMed Health at 864 716-2647**. One call now could mean a safer ride for all down the road.
