

Post-Surgical Assist

Assistance With At-home Recovery from Plastic Surgery

When being discharged after a surgical procedure, having a solid plan is key. With the right care, your recovery at home can be as smooth and stress-free as possible.

Our team of skilled caregivers and nurses* have specialized experience in caring for individuals undergoing recovery from plastic surgery and other cosmetic surgical procedures.

Nurse Next Door Can Help With:

- Liasing with the medical care team / healthcare providers to follow any discharge orders
- Accompaniment from hospital to home
- Collect your prescriptions, groceries and other errands
- Meal preparation
- Around-the-clock monitoring
- Assistance with daily tasks over a longer term
- Medication reminders and/or management*

Call today to find out how we can help.
We're available 24/7.
